The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-7, 10-18 are rejected under 35 U.S.C. 102(b) as being anticipated by Ker '280.

Ker shows series strings of diodes and thyristors. The thyristors are disposed in deep N-wells 32,34 and there is p-type "substrate" material 40 comprising the thyristor and p-type substrate material 30 below the N-well. Because the thyristors comprise p-n junction "diode" regions and because the thyristors are strung with other p-n junction diodes, D, or strung with other thyristors, applicant's claims do not structurally distinguish over Ker.

Applicant's arguments filed 4/27/05 have been fully considered but they are not persuasive. Contrary to applicant's arguments Ker teaches all the structure claimed. As stated above Ker shows strings of thyristors and normal diodes and because the thyristors are disposed in deep n-wells with p-type regions and p-n junctions comprising the thyristors he anticipates the entire claimed structures. See all the figures of Ker. Arguments that Ker does not show diodes D in deep wells is not convincing of patentability as the thyristor "diodes" are disposed in deep N-wells.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
